## INDEPENDENT AUDITOR'S REPORT

March 8, 2002

Honorable Mayor and Council of the  
City of New Orleans, Louisiana

We have audited the statement of plan net assets of the Police Pension Fund of the City of New Orleans as of December 31, 2001, and the related statement of changes in plan net assets for the year then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We were unable to obtain an evaluation from the Fund's outside legal counsel of any pending or threatened litigation involving the Fund.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to obtain an evaluation of pending or threatened litigation from the Fund's outside legal counsel as discussed in the preceding paragraph, the financial statements referred to above, present fairly in all material respects, the financial position of the Police Pension Fund of the City of New Orleans as of December 31, 2001, and the results of its operations and changes in net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America.

We have audited the financial statements of the Fund for the year ending December 31, 2004, and issued our qualified opinion on such financial statements. Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The required statistical information on pages 14-15 and the supplemental schedules on pages 12-13 are presented for the purposes of additional analysis and are not a part of the basic financial statements. Such required statistical information for the years ending December 31, 2004, 2000, 1999, 1998, 1997 and 1996 and supplemental schedules for the years ending December 31, 2004, 2000, 1999, 1998, 1997 and 1996, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, except for the effects of the inability to obtain a response from the Fund's legal counsel as explained in the third paragraph of our report, and except for the effects of not recording the inactive member Annuity Savings balances (as more fully described in footnote 3) in the statement of changes in reserve balances and the schedule of funding progress, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued a report dated March 8, 2005 on our consideration of the Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws and regulations. That report is an integral part of an audit performed in accordance with Government Auditing Standards, and should be read in conjunction with this report in considering the results of our audit.

**POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006**

The Police Pension Fund of the City of New Orleans was created for the purpose of pensioning all officers, members, and employees of the Police Department in the City of New Orleans, their widows, children and widowed mothers. Benefits, including retirement, disability retirements and death benefits, are provided as specified in the plan.

The Fund is administered by a Board of Trustees. The board shall be composed of the Superintendent of Police, Director of Finance, Secretary of the police department, and six members from the active or retired rank of the police department. Election of the members from the active or retired rank shall be conducted under the direction and authority of the board.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The financial statements are prepared in accordance with the standards established by the Governmental Accounting Standards Board (GASB) as the successor to the National Council on Governmental Accounting (NCGA).

**Basis of Accounting:**

The Fund's financial statements are prepared using the accrual basis of accounting. Member contributions for the purchase of military service credit are recognized at the time of purchase. Employer contributions are recognized when due from the City of New Orleans. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Other income, including drivers' and chauffeurs' license revenues and unclaimed bicycle sale revenue is recognized when due.

Interest income is recognized when earned.

**Method Used to Value Investments:**

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value.

**Equipment:**

Equipment of the Fund is valued on the basis of historical cost and was depreciated using the straight-line method of depreciation, over the estimated useful life of the equipment. There was no depreciation expense for the year ended December 31, 2006 since the equipment was fully depreciated prior to 2001.

**POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2001**

**2. PLAN DESCRIPTION:**

The Police Pension Fund of the City of New Orleans is the administrator of a single employer pension plan. The Fund was created for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11 for police officers, members, and employees of the police department in the City of New Orleans. The Fund is a defined benefit pension plan established under the laws of the State of Louisiana.

The Fund's membership consists of:

Active policemen under age 50, but eligible to retire	--
Retirees after merger date with less than 20 years of service	?
Retirees after merger date with more than 20 years of service	21
Total participants as of the valuation date	<u>21</u>

On March 6, 1983, the City of New Orleans entered into a merger contract with the Municipal Police Employees' Retirement System (MPERS) to transfer all active policemen who were participating in the City's Police Pension Fund (which was comprised of an "old" pre-1968 and a "new" post-1968 retirement system) to MPERS. In addition to the active policemen, all retirees, widows and survivors were also merged. (All full-time policemen hired after July 12, 1977 are directly enrolled in the MPERS through legislative mandate.)

As a result of the merger all active policemen are subject to the benefit formula and retirement eligibility requirements prescribed by MPERS. In addition, all retirees, widows and survivors were guaranteed to continue receiving their current benefit regardless of MPERS' benefit provisions.

In conjunction with the merger of active policemen with the MPERS, the City entered into a private agreement "No Loss in Benefit Guarantee" with the local policemen. The purpose of the agreement was to guarantee those policemen who were merged retirement benefits which would become payable by the Fund. Specifically, the Police Pension Fund provided retirement eligibility requirements of 10 and 20 years at any age, if employed prior to December 31, 1967. Those eligibility requirements were more liberal than those of MPERS in that benefits are not payable until age 50 with 20 years of service or age 55 with a minimum of 12 years of service. Therefore, if a policeman retires prior to age 50, the agreement guarantees that the Fund will pay the benefit until age 50, at which time MPERS will commence retirement benefit payments. Similarly, for those policemen who were members of the old system, who retired with 10 years but less than 20 years, the agreement guarantees that the Fund will pay the benefit until age 55, at which time MPERS will commence retirement benefit payments.

POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2001

2. PLAN DESCRIPTION (Continued)

Retirement Benefits:

Any officer, member, or employee who was inducted into the police department of the City of New Orleans on or before December 31, 1967 and attained at least sixteen years of active continuous service on the force, was eligible to retire from the force, regardless of age, and receive as an annuity from the fund forty percent of his or her average compensation during the last year of service immediately preceding the date of retirement.

Any officer, member, or employee who was inducted into the police department of the City of New Orleans on or before December 31, 1967 and attained at least sixteen years of active continuous service on the force, and was therefore eligible to retire, who chose to continue in active service rather than to retire, was entitled to receive, for each year of service in addition to sixteen years up to and including his twentieth year, an additional service benefit equal to two and one-half percent of his average compensation for the last year of service, not to include overtime pay, holiday pay, or court time pay.

Any officer, member, or employee of the police department, employed on or before December 31, 1967, retiring with twenty years of active service in the department receives fifty percent of his or her average compensation during the highest year of service preceding the date of retirement, as an annuity from the fund. For each year of service in addition to twenty years, the member receives a service benefit to be increased by an additional one percent of his average compensation for each year of service before January 1, 1968 and two and one-half percent of average compensation for the last year of service, not to include overtime pay, holiday pay or court time pay for each year of service after June 30, 1967. In addition, if the member attained age fifty, his service benefit was increased one-half of one percent for each year of service over twenty-five, provided that no service benefit exceeded eighty percent of the average compensation earned during the last year of service preceding retirement; provided, however, that any officer, member, or employee of the police department who was employed on or before July 1, 1967 who had twenty years or more of active service on said date and who was on active service on July 29, 1970 and who continued in active service beyond twenty-five years received a retirement allowance of three percent for all years over twenty, with a maximum benefit of eighty percent.

All employees of the police department who entered the service of the city after December 31, 1967 and who became contributing members of this system, received a retirement allowance equal to two and one-half percent of their average compensation based on the highest four consecutive years multiplied by the number of years of their creditable service, not to exceed eighty percent. In the case of those employees who entered the service after December 31, 1967, and who remained in service beyond twenty years and attained age fifty-five, the retirement allowance is three percent for all years over twenty, with a maximum benefit of eighty percent.

**POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2004**

**2. PLAN DESCRIPTION: (Continued)**

**Retirement Benefits: (Continued)**

Any member who entered service after December 31, 1963, whose withdrawal from service occurred prior to the attainment of the age of fifty years and who at such time had completed at least twenty years of creditable service, remained a member of the retirement system and in such case said member received a service retirement beginning when he attained the age of fifty years.

**Death and Survivors Benefits:**

Whenever an active or retired policeman dies, a death benefit of two thousand dollars shall be paid to the beneficiary of the deceased member from the fund. If any officer, member or employee of the police department, who contributes to the police pension fund, was killed or died from immediate effects of any injury received while engaged in the discharge of his or her duties and left a spouse or if no spouse, a child or children under the age of eighteen or if no spouse or child under the age of eighteen, a widowed mother, the sum of fifty percent of his or her salary at the time of death, by way of an annuity, is paid to such beneficiary out of the fund. The benefit to the spouse shall cease when the spouse remarries, in which case the sum of seventy-five dollars per month shall be paid to the spouse or guardian for each child of the deceased member, officer or employee and which shall cease when such child reaches the age of eighteen or marries. The benefit to the widowed mother shall cease when she remarries. If any officer, member or employee of the police department, who contributed to the police pension fund died from any cause unconnected with the performance of his or her duties while a member or retired member, leaving a spouse or if no spouse a child or children under the age of eighteen or if no spouse or child under the age of eighteen, a widowed mother, the sum of not less than six hundred dollars nor more than seven hundred dollars per annum, by way of an annuity is paid to such beneficiary out of the fund. Beginning January 1, 1971, no widow or widowed mother of any member who died while employed by the police department, whether employed before or after December 31, 1969, or while retired under any provision of this subject which does not permit the election of optional benefits is paid not less than two hundred dollars per month.

**Disability Benefits:**

Disability benefits are awarded when an employee becomes physically or mentally disabled and incapacitated to perform his duties. Benefits differ for disabilities incurred while in the active discharge of duties or incurred not as a direct result of a service incurred injury or illness.

**POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2001**

**3. CONTRIBUTIONS AND RESERVES:**

**Contributions:**

Employer contributions are made by the City of New Orleans in monthly installments necessary to cover administrative costs and payments of pensions and benefits, as certified by the Board of Trustees of the Fund.

In addition, the Fund receives 50% percent of all proceeds from the sale of drivers' and chauffeurs' licenses in the City of New Orleans.

**Reserves:**

Use of the term "reserve" by the Fund indicates that a portion of the fund balances is legally restricted for a specific future use. The nature and purpose of these reserves are explained below:

**A) Annuity Savings:**

The Annuity Savings is credited with contributions made by members for the purchase of prior service. The Annuity Savings is debited when the prior service purchased is transferred to another retirement system. The Annuity Savings balance is \$7,153 and it is fully funded. However the Annuity Savings does not include the contributions made by members of the Fund who are currently inactive. These are members who have contributed to the Fund, but are not receiving a pension and have not had their contributions refunded or transferred to another retirement system. Refunds and transfer to other systems are permitted for contributions made after December 31, 1967. Contributions made prior to December 31, 1967 may only be transferred to other systems. The dollar amount of inactive member contributions has not been determined as of December 31, 2000.

**B) Pension Reserve:**

The Pension Reserve consists of the reserves for all pensions, excluding cost-of-living increases, granted to members and in the fund from which such pensions and annuities are paid. Survivors of deceased beneficiaries also receive benefits from this fund. The Pension Reserve balance is \$114,249 and it is fully funded.

**C) Pension Accumulation:**

The Pension Accumulation consists of contributions paid by employees, interest earned on investments and any other income not covered by other accounts. This fund is charged annually with an amount, determined by the actuary, to be transferred to the Pension Reserve to fund retirement benefits for existing recipients. It is also relieved when expenditures are not covered by other accounts. The Pension Accumulation balance is \$-0-.

**POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2001**

**4. ACTUARIAL COST METHOD:**

The individual "Entry Age Normal" cost method was used to calculate the funding requirements of the Fund. Under this cost method, the actuarial present value of projected benefits of each individual included in the valuation is allocated on a level basis as a percentage of payroll for each participant between entry age and assumed retirement age. That portion of the actuarial present value attributable to current year benefit accruals is called the Normal Cost. The actuarial present value of future benefits in excess of the actuarial present value of future normal costs is called the actuarial accrued liability.

**5. DEPOSITS AND CASH EQUIVALENTS:**

Following are the components of the Fund's deposits and cash equivalents at December 31, 2001:

Deposits (bank balances)	\$ 129,371
Cash equivalents	2,879,164
	<u>\$3,008,535</u>

**Deposits:**

The Fund's bank deposits were fully covered by federal depository insurance and pledged securities.

**Cash Equivalents:**

Cash equivalents consist of government backed pooled funds. The funds are held by the Fund's custodian's trust department in the Fund's name. The cash equivalents are carried at market value, which approximates cost and fair value.

**6. USE OF ESTIMATES:**

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unrecorded transactions and events as of the date of the financial statements. Accordingly, upon retirement, actual results may differ from estimated amounts.

**7. REQUIRED SUPPLEMENTARY SCHEDULE INFORMATION:**

Information in the Required Supplementary Schedule is designed to provide information about the Fund's progress made in accumulating sufficient assets to pay benefits and is presented on pages 14 - 15.

POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2001

8. SCHEDULE OF CONTRIBUTIONS:

The accompanying supplementary information does not contain a "Schedule of Contributions - Employer and Other Sources". Actuarially required contributions have not been determined since the Fund is funded on a "pay-as-you-go" basis.

9. REPAYMENT OF REFUNDS:

A member repaid his refunded contributions during 2001. His repayment of \$3,155 is still held in the Fund as of December 31, 2001 since his eligibility for transfer to another retirement system has not yet been determined.

**POLICE PENSION FUND OF THE  
CITY OF NEW ORLEANS  
INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS  
FOR THE YEAR ENDED DECEMBER 31, 2001**

March 8, 2002

Honorable Mayor and Council of the  
City of New Orleans

We have audited the financial statements of the Police Pension Fund of the City of New Orleans as of and for the year ended December 31, 2001, and have issued our report thereon dated March 8, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Police Pension Fund of the City of New Orleans' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with these provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Police Pension Fund of the City of New Orleans' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the City Council, Board of Trustees, and the Legislative Auditor, and is not intended to be used and should not be used by anyone other than those specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Dear Sir or Madam:

**SCHEDULES AND DATA COLLECTION FORM  
SECTION 1: SUMMARY OF AUDITOR'S REPORTS**

**A. FINANCIAL STATEMENT AUDIT OPINION:**

We have audited the financial statements of the Police Pension Fund of the City of New Orleans as of and for the year ended December 31, 2001 and have issued our report thereon dated March 8, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our audit as of December 31, 2001 resulted in a qualified opinion.

**B. REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING:**

Internal Control

Material weaknesses - none noted  
Reportable conditions - none noted

Compliance

Noncompliance material to financial statements - none noted

**C. FEDERAL AWARDS**

NOA

SECTION 1: FINANCIAL STATEMENT FINDINGS
